

CUPE3313

Canadian Union of Public Employees

Good afternoon members,

As some of you are aware, the Union has been trying to work out a resolve with the Employer regarding equal opportunity for all members to take part in the AWL hybrid model. Many of you are aware that ONA has settled and are now working 1 day in the branch each week. CUPE proposed this same structure as we thought it was a reasonable ask for all or most of the members.

We are still working on a resolve however; the Employer is seeking up to 3 days a week and with inconsistency depending on Branch. The Union executive is hoping for an equitable resolve. The Employer has asked for one more week to review. The Executive at the end of that week will provide the end result proposal for feedback from the membership.

Susan Kirkwood

President CUPE Local 3313
